

BUSINESS INTERIORS awarded Women's Business Enterprise of the Year - for the Third Time!

REPRINT: Steelcase Weekly article by Craig Wilson - January 31, 2007

In a ceremony at the Morton Myerson Symphony Center, Business Interiors, located in Irving, Texas, was once again awarded the Women's Business Enterprise of the Year for 2007. The award is for female-owned businesses in a four state region.

"This was quite a surprise to us as there has never before been a company win three times or in 'back to back' years," says Sally Smith, VP Sales and Marketing for Business Interiors.

"Corporate sustaining members (from organizations such as Frito Lay, Lockheed, Exxon Mobile, etc.) nominate you. All nominees then respond to a questionnaire regarding best practices, company culture, processes, and challenges. Responses are submitted with no company/owner names and are then sent to three judges who are prominent business leaders in the region. The responses are judged independently and not even the judges know who the winners are."

Smith added, *"We are absolutely thrilled to receive this award!"*
